Thank you for your commitment to developing the rodenticide category and sales of Liphatech Products

STEP 1

Fold up the rear and sides of the "Base Stand", (Part E). Roll the front flap of the base stand or shelf tray over and lock it down.

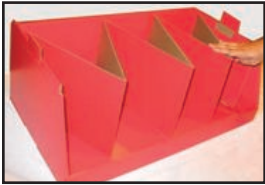

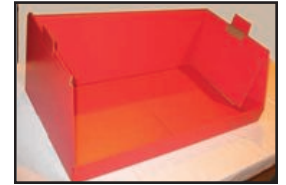

STEP 2

Place 2 "Side Reinforcing Panels", (Part G), folded in half in the back of base stand or shelf tray, and fold over the back flap.

STEP 3

Insert one "Side Reinforcing Panel", (Part G), folded in half, into the right side of base stand or shelf tray. Roll over angled front flap first, then the side flap. Repeat on opposite (left) side of base stand. Repeat Steps 1-3 for the remaining 3 shelf trays, (Parts B, C & D).

STEP 4

Insert 3 "Partitions" (Part H) in the bottom tray. These are needed for additional strength.

STEP 5

Place "Base Stand Cover Panel" (Part F) in the front edge of the bottom tray. The holes in the panel should be placed at the bottom edge, after folding this panel along the holes. Insert the side flaps inside the base stand to hold it in place. The wider top flap goes over the partitions.

STEP 6

Place "Rozol Bottom Shelf" (Part D) on the base stand. Insert tabs on the top of the sides of the base stand into the slots in the bottom of the next tray up. Make sure cut outs have been removed from the bottom edges first. Pull the side wall insert away from the side of the Tray while inserting the tab, locking the shelf tray in place.

STEP 7

Repeat Step 6 for the "Place Packs" Middle Bottom Shelf, (Part C).

STEP 8

Repeat Step 6 for the "Mini Block / 1 lb. Bar" Middle Upper Shelf (Part B)

STEP 9

Roll the front flap of the "Aegis Top Shelf Tray", (Part A).

STEP 10

Fold the back of the top tray and lock it down.

STEP 11

Insert the side tabs from the "Middle Upper Shelf Tray" into the slot in the bottom of the top Aegis Shelf Tray.

STEP 12

Fold over the back & sides of the top tray & lock down.

STEP 13

Insert "Vertical Dividing Partitions" (Part H) in each tray before placing actual product on shelves for resale .

Suggested:

- 2 partitions on "Rozol" Shelf.
- 4 partitions on "Place Pack" shelf
- 2 partitions on "Mini Block" shelf.
